

REMARKS

The above amendments are made to insert a cross reference to the PCT application upon which the instant U.S. national phase is based, to add an Abstract of the Disclosure and to eliminate multiple dependencies in the claims.

Copies of the Amended Sheets annexed to the IPER are included with the transmittal. These sheets include pages 2, 2a, 3, 5, 5a, 6a and 9 of the specification and pages 10 through 15 of the claims and should be substituted for the pertinent pages in the published PCT application. In addition a copy of the pages as combined for the national phase is also included.

Respectfully submitted,

NIXON & VANDERHYE P.C.
